The non-redacted files (monthly financial statements April-June) have been taken down from the [Electronic Reading Room](#).

My sincerest apologies. This is a hard lesson for me in double-checking documents before posting.

Sincerely,

Thank you Amie, you did everything right and you were there to save the day again. I have confirmed the wrong version of the files were sent to you by my team.

This new process of working with Bridget before posting should solve this problem from occurring again.

I apologize for all this.

I had reviewed and approved them for Toni around 8am. I was included on a confirmation email that they were posted around 11:45 from Toni. Amie would know best when she actually posted them. I was going off the email from Toni for my time estimate.
